

GIVING BACK TO THE COMMUNITY

We lead by example embodying a "Paying it Forward" philosophy within our company.

The principals and employees of Skyline Building Care give back extensively to the community. Mentoring through organizations such as SCORE, BUILD, Boy Scouts of America, and contributing to organizations such as Samaritan House and Habitat for Humanity, along with other

organizations our customers support. The CEO of Skyline gives back to the community 20 % of his business hours.

This is contagious within company culture. Employees are also encouraged to "Pay it Forward".
